

Why Sears Portrait Studio?

We continue to lead the industry in innovative portraits and service. With nearly 2,600 studio locations in the U.S., Canada and Puerto Rico, and more than 60 years in the business we have the resources and experience to provide professional photography for you and your company. As the nation's only 100% fully digital portrait studio we have the capacity and expertise to provide superior portraits, unique product breadth, and an overall professional photography experience.

We care how you look and this is apparent in what we do. In collaboration with you we will create the best image possible. After all, image is everything.

B2B
BUSINESS PORTRAITS

In business,
image is
everything.

Products and Services

We offer a full range of professional portrait sittings and poses; standard head shot for business cards and websites, full-length and more creative images for a variety of uses.

Customized Portrait Certificates

Customized Portrait Certificates complete with your corporate logo, a unique tracking code, instructions specific to your program, and portrait discounts for employees and their families. Choose your background, pose, size, delivery options and more.

Copyright Releases

All photography is copyrighted by Sears Portrait Studio. We provide you with an option to purchase a license to reproduce your portraits in press kits, newsletters, brochures, business cards, websites and advertising for an unlimited time period.

Delivery Options

- FTP – secure login and password so you can access your images from the web
- CD – high resolution, single or multiple images, created in studio or centrally fulfilled in our labs

Dedicated B2B Customer Support

- Central appointment scheduling with a toll-free number
